ALVIDORA'S SIGNATURE

Some things are built to function. Ours are built to be felt. At the heart of every door we create is a single, unwavering conviction that true luxury lives not in the grand gesture, but in the quiet precision of every detail. We work exclusively with premium grade aluminium: a material chosen as much for its refined aesthetic presence as for its exceptional strength and longevity.

CRAFTED PRECISION

True craftsmanship reveals itself in the details unseen at first glance.

EXPERIENCE

Beyond design, Alvidora represents a curated experience of modern luxury.

DOOR TECHNOLOGY

Multi-Point Locking System

Equipped with 9 precision-engineered locking points for enhanced multi-level security

Constructed from high-grade steel to ensure superior strength and long-term durability

Simultaneous engagement of all locking points for advanced theft resistance.

Heavy-Duty Concealed

Fully concealed hinge system for a clean, seamless and elegant appearance

Manufactured from high-strength metal components for exceptional load-bearing capacity

Engineered to support heavy aluminium doors with long-term stability

THE ALVIDORA DIFFERENCE

Equipped with 9 precision-engineered locking points for enhanced multi-level security
Constructed from high-grade steel to ensure superior strength and long-term durability
Simultaneous engagement of all locking points for advanced theft resistance.

Premium Aluminium Grade

High-strength aluminium profiles engineered for durability and performance.

Multi Point Locking System

Enhanced security with a sophisticated multipoint locking mechanism for superior protection.

Wind load Performance

Engineered to withstand high wind pressures, ensuring stability and safety.

Water Tightness

Superior sealing to prevent water infiltration, even under extreme weather conditions.

HELIO

Strength in every direction

Every ray cast in aluminium. Every shadow a reminder of what light is made of.

BRUNEXIS

Subtle texture. Strong identity

MOLTEN WHISPER

A surface in quiet motion.

A surface that feels like metal caught mid-transformation, blending warmth and shadow into a fluid, evolving texture. Molten Whisper reveals its depth gradually, shifting with light and perspective to create a subtle yet powerful presence.

Alvidora

AURENOIR

Cast aluminium. Refined in contrast.

Dark mineral depth interrupted by a single sculptural gesture of gold.

FORGE

Cast in texture

Forged in presence. A surface that feels sculpted by fire itself.

SEE IT ON | YOUR HOME | BEFORE IT ARRIVES

Our Virtual Try-On places any gate from our collection directly onto your home, so you experience the transformation before a single measurement is taken.

Step 01

UPLOAD YOUR HOME

Our Virtual Try-On places any gate from our collection directly onto your home, so you experience the transformation before a single measurement is taken.

Step 02

SELECT YOUR GATE

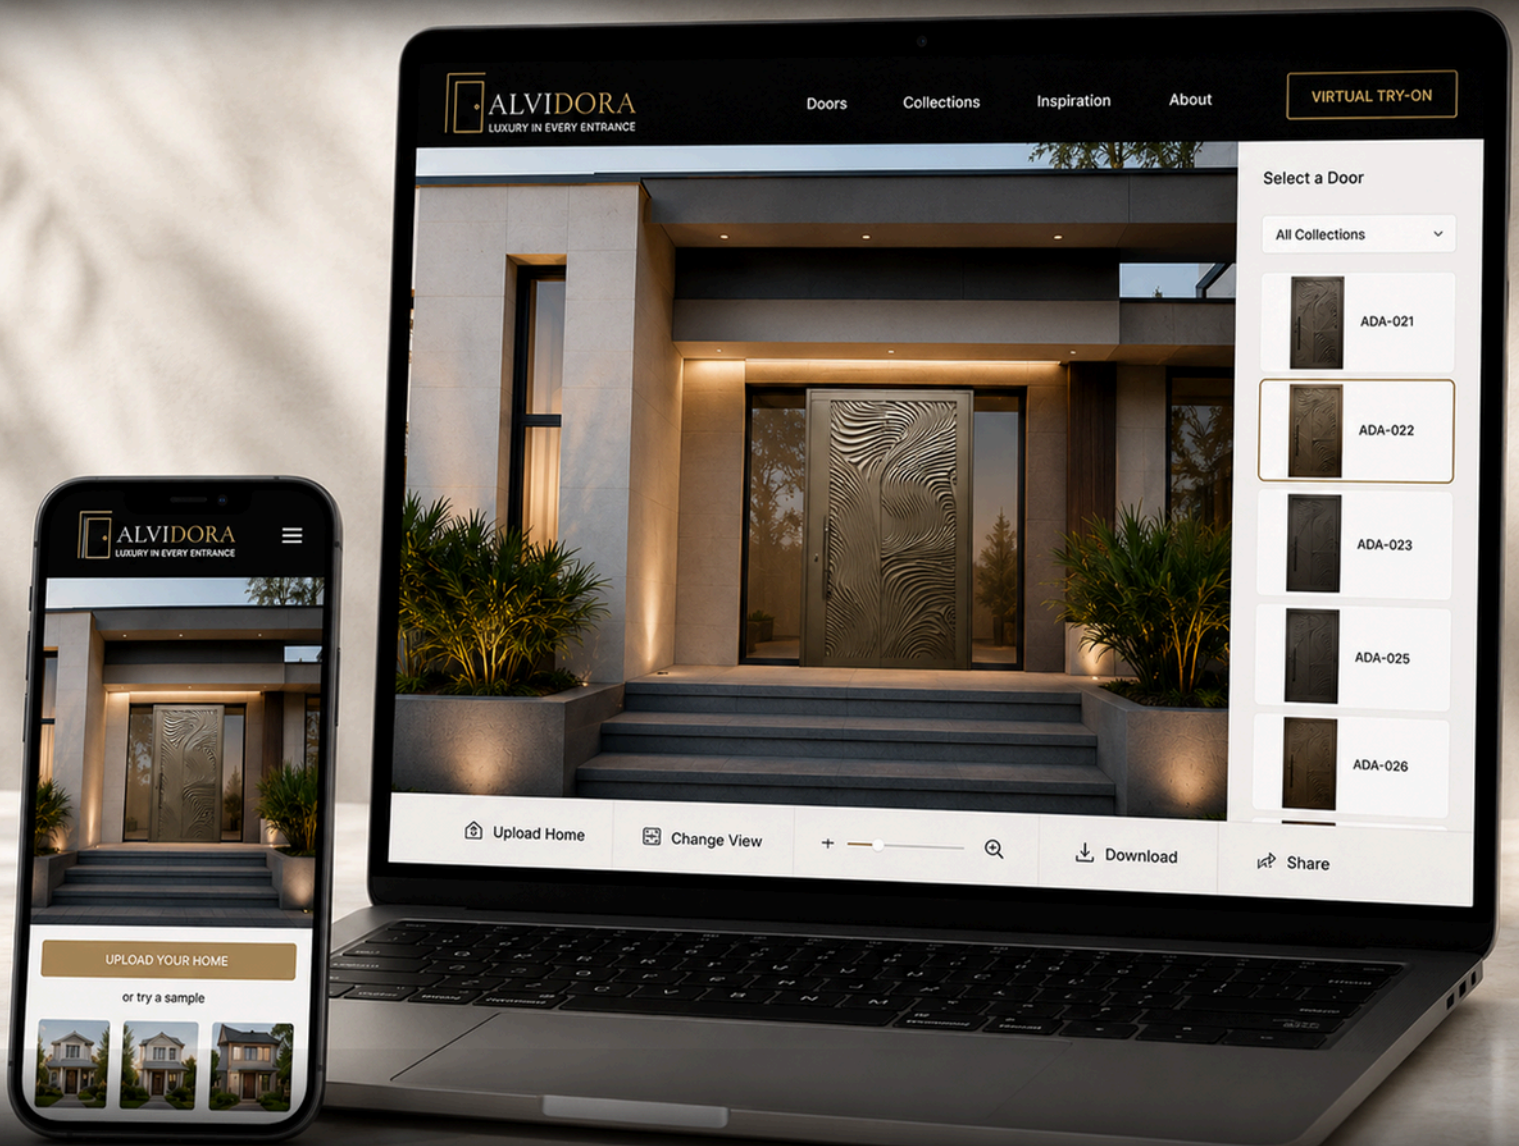

Browse both signature collections — Ultimera and Premera. Filter by design style, dimensions, or finish preference.

Step 03

VISUALISE & SHARE

Download a high-resolution render or request a formal quotation directly.

The right entrance changes how a home is perceived from the street and from within. Virtual Try-On ensures that decision is made with complete confidence.
